Objectives	I am looking forward to obtain a place that will enable me to use my strong analytical skills and critical thinking ability to guide data driven decision-making, growing and use my knowledge in creating a meaningful impact.	
Experience	Volunteer <i>iDebate Rwanda</i> At iDebate Rwanda I assist volunteer program coordinator in planning and overseeing all volunteers' activities. I enjoy helping young high school students in debates and teaching them about public speaking.	
	Business Intelligence Analyst (Intern) <i>Bank of Kigali</i> Joining BK especially businesses intelligence department, opened my eyes and I enjoyed working with experienced data scientists, and business analysts. I brought my deep statistical knowledge in the team as I learned from them. I played a great role in building machine learning models to back decision-making.
