## PROFESSIONAL WORK EXPERIENCE

### January 2024-April 2024 Researcher Intern

#### Wildlife conservation- Nyandungu Eco Park

- I demonstrated a strong commitment to environmental conservation and practical expertise in the field by gaining invaluable fieldwork skills and making significant contributions to ongoing conservation efforts within the park.
- Collected and analyzed data to monitor wildlife populations, movement patterns, and habitat use, yielding valuable insights for conservation management
- I engaged in assessing climate risks and vulnerabilities, identifying priority actions for climate resilience, and integrating climate adaptation and mitigation measures into all park management activities."

### January 2023-April 2023 Researcher Intern

#### Wildlife conservation – Jacana birding tour Kigali, Rwanda

- I've had opportunities to use platforms to build vital professional networks, learn more about myself, and gain exposure to the outside world.
- Develop hard and soft skills, have a grateful attitude, work on projects relevant to my field, learn about it, and connect with people in the sector.
- Used Microsoft Excel, word, and others to prepare the project

### November 2012-April 2022 ,Team leader, KYV( Kigeme Youth volunteer – Nyamagabe, Rwanda

- Coordinated with a team of 45. My responsibilities were Project administration, resource management, volunteer training sessions, and on-site volunteer leadership.
- I help young people find employment and support small firms to grow by finding investment, and I possess the capacity to motivate others and sustain their productivity.

## EXTRACURRICULAR ACTIVITIES

### September 2017- November 2020, VISE PRESIDENT, Environment Club Ngoma district Kigali, Rwanda

- Collaborating with other officers and members to plan and execute club projects and activities.
- Working with the treasurer to manage the club's finances and fundraising efforts
